

Gondola Train Original Roller

Multi-Purpose Moving Solutions

The Gondola Train Original Rollers are the proven choice for moving Solid Base Style gondola shelving during store renovations or retail remodeling projects.

Move unlimited lengths of shelving all while the merchandise stays on the shelf. Save time and money during your store renovation or floor reset.

We can provide customized rental or purchase options to fit your specific project needs.

MOVING SYSTEM BENEFITS

- Mobility in 2 simple steps
- Reduce labor by 90%
- Works on tile, wood, and commercial carpet
